Accepted papers final instructions

We would like to congratulate you on the acceptance of your abstract. Your contribution is important to the academic community. However, to formalize the publication of your document on IEEE Xplore, you need to comply with 4 steps and submit your final version by May 20, 2024:

1. Format your full-length manuscript to IEEE Conference manuscript templates.
2. PDF eXpress verification.
3. Final version submission on CMT.
4. Copyright agreement signature.
5. Next, each of the phases will be detailed, keeping the order:

Please note that the last date for uploading the final camera-ready manuscript is May 20, 2024.

Step 1. Format your full-length manuscript to IEEE Conference manuscript templates.

- Authors must use the IEEE Template: [Latex Template](#) or [Microsoft Word](#) Template to prepare their manuscripts. Use the US Letter format.
- **All submissions must be in English.** If you submitted your abstract in Spanish, please edit your submission details in CMT accordingly so that the full-length paper Title and Abstract match the CMT submission details.
- Each paper must not exceed 6 pages including figures and references.
- Do not insert page numbers in your manuscript.
- Papers prepared using LaTeX must replace the phrase **Index Terms** with **Keywords**. Likewise, double-check the authors' information and affiliations.
- Copyright notice, included in the template (must be included manually by authors):
 - For papers in which all authors are employed by the US government, the copyright notice is: **U.S. Government work not protected by U.S. copyright**
 - For papers in which all authors are employed by a Crown government (UK, Canada, and Australia), the copyright notice is: **979-8-3503-8785-8/24/\$31.00 ©2024 Crown**
 - For papers in which all authors are employed by the European Union, the copyright notice is: **979-8-3503-8785-8/24/\$31.00 ©2024 European Union**
 - For all other papers, the copyright notice is: **979-8-3503-8785-8/24/\$31.00 ©2024 IEEE**

MSWord users can use: 'Insert' -> 'Text box', insert the appropriate copyright notice in the textbox, and place the box (without border) at the bottom left on the first page.

LaTeX users can add the following lines just before `begin{document}` for the copyright notice to show up. What is shown below is an example for the fourth copyright case above, **in the other cases the copyright text should be adapted accordingly.**

```
\IEEEoverridecommandlockouts
\IEEEpubid{\makebox[\columnwidth]{979-8-3503-8785-8/24/$31.00 ©2024
IEEE
\hfill}\hspace{\columnsep}\makebox[\columnwidth]{}}
```

In accordance with the IEEE policy, plagiarism in any form, at any level, is unacceptable. Therefore, the conference reserves the right to reject the final manuscript which is found to have high degree of plagiarism after registration without refund.

Step 2. PDF eXpress verification

After carefully checking if your manuscript conforms to IEEE Xplore guidelines, you need to get it approved by IEEE PDF eXpress. To this purpose, you can login (Enter Conference ID **61307X**) to the [IEEE PDF eXpress page](#) for you to upload your paper for approval.

If you have not used PDF eXpress before, you will need to create an account first:

1. Select the Create account

2. Enter the following:
 - a. **61307X** for the Conference ID.
 - b. Your email address.

4. After logging in, follow the on-screen instructions and upload the paper. After you log in, you can **check a pdf file** from a final paper by selecting **Dashboard** from the left menu and selecting "CREATE NEW TITLE".
